## Chairman's Message

*Charak Ayurvedic Medical College Hospital and Research Centre, Meerut, Uttar Pradesh was established in 2015 with the intention of taking Ayurveda to its actual potential. Our focus is to inculcate Ayurvedic graduates with traditional knowledge and its utility in Modern era.*

*We believe that imparting knowledge to the students is process of giving them the skill set, professionalism, vision and wisdom for their overall development, apart from just improving theoretical knowledge.*

*We have a team of skilled, experienced and dedicated Professors, Administrative and Non-teaching staff who are committed to achieve excellence in every domain. Our aim is to produce world class Ayurvedic doctors who can serve the humanity on national and global level.*

*Sanjay Gupta  
Chairman*

## Principal's Message

*I am sending you my greetings from the desk of Principal of Charak Ayurvedic Medical College, Hospital & Research Centre.*

*We all know that Ayurveda is a very ancient science. But, we also cannot fail to see that even though it is an ancient science, it has not become old and continue to remain relevant even in modern times. This is possible because, it never seized to grow and expand, incorporating within its fold fresh concepts.*

*So the purpose of this educational institution would be achieved if we could create here an atmosphere and an approach where "the knowledge of past must be illuminated by the revelation of today".*

*Let's once more dedicate ourselves to this noble task before us.*

*Dr. Jyotsana  
Principal*

# THE CAMPUS
